Lyme Public Library Announces Mobile App for User Accounts

The Lyme Public Library is offering a new mobile app for smartphones and tablets that easily allows library users to access and manage their library accounts from their devices. The Library Mobile app allows users to view their accounts, renew and request library materials, search for materials and build lists, remotely scan a book's barcode and instantly search for the book in the library collection, browse the library's collection of new books and dvds, view the Library's Events Calendar, Facebook and Twitter feeds, and more. Users can download the *Library Mobile* app from the Apple store or the Google Play store. Library users can stop in or call the library at 860-434-2272 if they have questions or need assistance.
