## LIBRARY NEWS

### Fines? No. Donations? Yes!

Effective October 1, 2017, the Library will no longer charge overdue fees for late materials. Instead, we will encourage you to contribute a donation to the jar on the circulation desk in the amount of your choice.

Why the change? There are many reasons. We don't want anyone to be reluctant to come to the library because they owe fines and can't pay them. Our staff does not want to have to evaluate whether a person has a valid (or good) reason for the delay in returning their item(s). We don't want to be discussing with patrons how much they owe in fines! We want to discuss the latest books we've read and what we're looking forward to next! We want visiting the library to be an enjoyable and enriching experience for all our patrons.

That being said, here are a few things to keep in mind:

- We will continue to use our current fee schedule as suggested donation amounts, so if you are not sure how much to donate, we can suggest an amount. However, the amount you donate is up to you.
- Remember that other people may be waiting for the items you have checked out. Please be considerate and return them by their due dates whenever possible. You will still be required to pay for lost or damaged materials. If you have items that are four weeks overdue, your card will be blocked until the items are returned or you pay for them.
- The Library depends on fine income as part of our annual operating budget. If we do not receive enough donation income to balance our budget, we may be required to reinstate mandatory fines.

We hope this change will enhance your library experience. We welcome your comments.

### News from the Lyme Garden Club

**Q: What is happening with the lawns at the library and town campus?**

**A:** The Lyme Garden Club is in the long process of building a pesticide and herbicide-free organic town campus, which will take 3-4 years. We are creating a perennial meadow in the area near the library by planting cool-weather grasses, black-eyed Susans, coneflowers and other plants. It will take time before the plants are fully established and the soil pH is changed with the addition of lime which will discourage weed growth without the use of herbicides. Ongoing maintenance will be required to sustain these areas. The mowed areas are also treated with organic fertilizer and the grass is cut at a 3-4" height.

**Q: Why is this being done?**

**A:** With the decrease of honeybees, butterflies and other beneficial pollinators in our gardens and on our farms, we want to provide an environment where these pollinators, birds, insects and wildlife will be able to survive and thrive.

**Q: What other benefits are there?**

**A:** Storm water accumulation and erosion will be reduced with meadow planting. With the school adjacent to the town property, not using herbicides will protect the children and will keep harmful chemicals from affecting plants and wildlife.

Watch for future articles, handouts and a lecture at the library. The Lyme Garden Club welcomes volunteers to help with this project.

## Sunday Movie Club

**Sundays, November 5th & 19th, and December 3rd & 17th at 2:00 P.M.**

Back for its second season, mark your calendars to travel with us—through the magic of movies—to Europe, Australia, China, Mexico, India...all without leaving town. This is a wonderful opportunity to escape for a couple of hours and share a movie with friends and neighbors. After each movie there will be time to socialize and discuss the film. There is no charge for the event. Feel free to bring your own (non-alcoholic) refreshments. The films are scheduled as follows:

**November 5, SILK STOCKINGS**, from 1957, is an MGM film adaptation of the 1955 musical of the same name, which in itself was a remake of NINOTCHKA, the successful Billy Wilder movie (1939) with Greta Garbo. The film stars Fred Astaire and Cyd Charisse and was directed by Rouben Mamoulian. It was nominated for two Oscars, for Best Film (The Bridge on the River Kwai won) and Best Actress (Kay Kendall for Les Girls). It would be Astaire's last musical comedy, almost reason in itself to come and see it (again). 1 hr., 57 min.

**November 19, ALL QUIET ON THE WESTERN FRONT**, from 1930. Based on possibly the most famous book about the First World War, which ended on November 11, 1918. The film rights were bought by Universal Studios and the director, Lewis Milestone used thousands of German army veterans as extras to make the film as realistic as possible. It was considered a truthful account of the war by most critics. Nominated for four Oscars, it won for Best Movie and Best Director. A true classic. 2 hrs. 37 min.

**December 3, KING OF MASKS**, Director: Wu Tianming Writer: Wei Minglung, 101 minutes - Sichuan, China. 1930. An old curmudgeon in search of an heir; a young child in search of a father. The compelling simplicity and beauty of this film packs surprising emotional power. Wang, the old man, is a performer who plies his craft from village to village along a river. Although his act—the rapid changing of silk masks—is as humble as he, Wang has earned a certain fame and the respect of far more powerful artists. But he has no son to carry on the tradition. Enter the child, whom he buys at a black market and begins to train—only to discover that she is a girl, and thus not eligible to inherit. This poignant story digs deeply into the nature of hope, poverty, loneliness and art—and is sure to take hold of your heart.

**December 17, WATER**, Writer and Director: Deepa Mehta 115 minutes - India. 1938. An 8 year-old, sold as a child-bride by her impoverished parents, is suddenly widowed. The Hindu practice of suttee—wherein a widow hurls herself onto the funeral pyre of

her late husband—has been outlawed. Chuyia, the young girl, is consigned to an ashram, where widows who aren't married off to their brothers-in-law, live out their lives in a kind of suspended animation. Deepa Mehta's exquisite film “Water” follows the girl as she makes a life for herself in the ashram and finds her way to liberation from its confines. It also explores the traditions of an Indian society on the brink of independence. Released in 2005, this lyrical movie was nominated for an Oscar as Best Foreign Film.
